

Beat of My Drum

Zendaya

Looking for a bit of trouble
I wanna have a little fun tonight
Watch me while I speed it up
Count down, get it, get it, turn it upHa! Gon' work it just like that
Follow me until the games over
Move closer, bring it back
Marching like a comeback soldierI cant help myself
I could be your drummer girl
Move it like this
Loving how you put it down with me
Move to the beat of my drum
Got it like aye boom da da
Ah oh aye boom da da
Got it like aye boom da da
Ah oh move to the beat of my drumGot it like aye
Hey!
Got, got it like aye
Hey
Move, move to the beat of my drum
Got it likeShow me if you got it ah
Lemme see your game face on for me
Work it, dont you make it stop
Partying with my shades on baby
I could be a ringleader yeah
Calling all the shots tonight
Giving you a little fever
So keep it going 'til the sun rise
Ha! Gon' work that just like that
Follow me until the games over
Move closer, bring it back
Marching like a comeback soldierI cant help myself
I could be your drummer girl
Move it like this
Loving how you put it down with me
Move to the beat of my drumGot it like aye boom da da
Ah oh aye boom da da
Got it like aye boom da da
Ah oh move to the beat of my drum
Got it like ayeSo if you wanna break it down
Gotta keep up with the rhythm nowHey
Hey
Got it like aye

Hey
Got it
Hey
Got it like aye I can't help myself
I could be your drummer girl
Move it like this
Loving how you put it down with me
Move to the beat of my drum Got it like aye I can't help myself
I could be your drummer girl
Move it like this
Loving how you put it down with me
Move to the beat of my drum Got it like aye boom da da
Ah oh aye boom da da
Got it like aye boom da da
Ah oh move to the beat of my drum Got it like aye
Hey!
Got it like aye

Move, move to the beat of my drum
Got it like aye
Hey!
