

# Shiver

Adna

(Don't say yes just to be kind.)  
Would you meet me tonight if I'd ask you?  
Don't say yes just to be kind  
I'd be your boat, I'd fly over to you  
No more winter inside our chests  
Is it okay if I say that I miss you not a little bit?  
Because it's in my own head doesn't mean that it's not real  
I'd like to go out with you just to say that we made it  
Find salvation in your chest, get shivered by your breath  
Would you meet me tonight if I'd ask you?  
Don't say yes just to be kind  
I'd be your boat, I'd fly over to you  
No more winter inside our chests  
Would you meet me tonight?  
Don't say yes just to be kind  
I'd it shiver on our boat  
I'd make it shiver inside your heart  
Would you meet me tonight?  
Don't say yes just to be kind  
I'd it shiver on our boat  
I'd make it shiver inside your heart  
Would you meet me tonight if I'd ask you?  
Don't say yes just to be kind  
I'd be your boat, I'd fly over to you  
No more winter inside our chests
