

# Silver and Cold

AFI

I, I came here by day  
But I left here in darkness  
And found you, found you on the way. But now, it is silver and silent.

It is silver and cold.  
You in somber resplendence  
I hold... Your sins into me  
Oh, my beautiful one.  
Your sins into me.

As a rapturous voice escapes  
I will tremble a prayer  
and I'll beg for forgiveness.

Your sins into me  
Your sins into me  
Oh, my beautiful one.  
Light, like the flutter of wings  
Feel your hollow voice rushing  
Into me as you're longing to sing.  
So I, I will paint you in silver.

I will wrap you in cold.  
I will lift up your voice as I sink. Your sins into me  
Oh, my beautiful one, now

Your sins into me.  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness.

Your sins into me  
Your sins into me  
Cold in life's throes.  
I'll fall asleep for you.  
Cold in life's throes.  
I only ask you turn away.

Cold in life's throes.  
I'll fall asleep for you.  
Cold in life's throes  
I only ask you turn  
As you seep into me  
Oh, my beautiful one, now... Your sins into me

Oh, my beautiful one.  
Your sins into me.  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness.

Your sins into me  
Your sins into me Your sins into me  
Oh, my beautiful one, now  
Your sins into me.  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness.  
Your sins into me  
Your sins into...  
Your sins into me  
Your sins into me  
Oh my beautiful one!
