

# Dance With Me

Tank

Dance with Me  
Dance with Me  
Dance with Me  
Dance with Me  
I'm all into you,  
I'm tryina find my way  
The right things to do,  
The right things to say  
If it's moving too soon  
What role can I play  
Like I've most to you  
Let's just move this way  
Can we demonstrate this came forever  
Come on, come on  
Come on prove this night we together  
Come on, come on  
Everybody in there they want the water  
So come on in, some more  
So come on in, some more  
Let's get dance all night long  
Let's dance!  
I'mma show you enough of good girls  
Let's play this song all night long,  
Let's dance, uuh get lost in the music  
Right- right, left- left  
Front-back, front-back, front-back  
Spins to the right, to the right  
Dance to the left, to the left  
Hands to the back-front, back-front, back-front  
Spin!
