

# Big Bad Billy

## Go Fish

Big bad Billy had a belly ache  
He had a bit of bad bread for dinner  
Ever since then no food he'll take  
So now Billy he's much thinner  
He's got a brother named Ben with a baseball bat  
He plays ball all day long  
Everytime I see that boy  
He's always singing his favorite song  
And it goes...

(Chorus) Oh me, oh my, My song has just begun  
Oh me oh my and now my song is done  
Nifty Nancy was a nanny  
She sat a baby named Sue  
They would cut out paper shapes  
And stick em together with glue  
When they were done they were so happy  
With what they did that day  
They'd join hands and do a little dance  
And everyone heard them say...(Chorus)  
There was a funky fish named Franky  
He was fightin the furius flu  
But there was no pharmacy in the ocean  
So what could Franky do?  
Meanwhile up above the water  
There was a crazy cow named Curt  
He would moo his song so loud  
It would make your eardrums hurt(Chorus)
