

# The Center of Attraction (feat. Cappadonna)

## Ghostface Killah & Apollo Brown

Did you feel it this time  
Did you see the morning light shine  
Cause the twilight seems near  
But a light shines nowhere Do you feel the cold winds blow  
Did you see the dawn or not  
Cause the twilight seems near  
But a light shines nowhere She was amazing carmela  
Caramel complexion  
Thank god for entering my life as a suggestion  
We clicked I like minks she like iced out rings  
The finer things in life together we share drinks  
Vodka and cranberry my little cherry if got lock  
She would fill up my commissary it was natural  
I felt the bond between us she was the jelly to my peanuts  
Mars to Venus the Earth to my Sun, Moon and Stars  
We added up mathematically  
It's like I had a bad habit b she knew my lifestyle  
Took her for crime boss  
She would hide my guns in the house then lie to the task force  
Finish my sentence through my exact frame of mind  
Through everything I had was hers that shit was mine  
We were crazy in love couldn't get enough of each other  
The center of attraction we were made for one another  
[Cappadonna] Nah don't even fall for that corkazoid  
She got the drink laced tryin to turn you to an android  
She not your peanut butter more like a fucking nut case  
You all goo goo eyed meanwhile the DeLucas mob watchin your place  
They pullin trains on her, beat and rape, cum in the face  
They got a drop on you son you a fuckin disgrace  
You think god sent her nah it's the devil instead  
They got plans for you tone they want you dead dead dead  
So get rid of that cherry pie bye, she mad poison  
Through? they about to bring the poison  
Yeah don don the DeLucas mob want your head on a platter  
It don't matter some of your dreams is going to shatter  
They trying to get at ya  
She got you caught in the rapture  
Nigga wake up ya'll ain't even made for one another  
She the snake Loki gonna get you sprayed brother  
It's a set up seen it before doobie got wet up  
[Ghostface] Nah you paranoid,  
You letting your mind get the best of you

She would never set me up or lace my drink  
Watch how you talkin you know I keep the heat in the mink  
You dead wrong, confusion over one of your hoes  
She's a ride or die chick believe me, a nigga knows  
El capitan put this show strong together  
Keep talkin bro I put one in your leather  
Ball cap loggin through the head now that's better[Cappadonna]Ah man cmon tone you sleep  
eyes man  
I told you before son  
Look out the window man  
Lucas mob son you know who they are  
Them same muthafuckas  
Yo I seen em with them niggas before
