

Rock With You

Ledisi

Yeah ooh yeah...
I'm on it, I want it
So hot and gimme a mic and I rock it
Cause my love for you goes non- stop and
You, your the only one I really need
Any place I feel you need to go
Is the only place that I want to be, let me tell you
See you, no one make me feel like this
The lovin when we kiss, this love
This love is real
I tell you, that I'm yours
Would you keep on lovin me
Would you do all that you can to see me smile
Cause I don't want the future to say were not meant to be
Just wanna be with you
That's why
That's why I rock, rock, rock with you
And all I got I give to you
To keep your love for me, feels so right
Your like a drug to me, I'm so high...
Everyday, just before I go my own way
I get down on my knees and say
Say a little prayer for you
Believe it or not
When I'm driving on the block
Playin music in my truck, I stop
Say a little prayer for you
I tell you, that I'm yours
Would you keep on lovin me
Would you do all that you can to see me smile
Cause I don't want the future to say were not meant to be
Just wanna be with you
That's why
That's why I rock, rock, rock with you
And all I got I give to you
To keep your love for me, feels so right
Your like a drug to me, I'm so highBridge...
Boy you know I'll do anything for you
I like the way this feels, you make my life better
I'ma baby baby won't won't you let me rock you
Rock you tonight
Aye, I just want to give you what you like whoooThat's why I rock, rock, rock with you

And all I got I give to you
To keep your love for me, feels so right, yeah
Your like a drug to me, I so high I'm on it, I want it
So hot and gimme a mic and I rock it
Cause my love for you goes non- stop and
I'm on it, I want it
So hot and gimme a mic and I rock it
Cause my love for you goes non- stop and Said I can't stop and I won't stop
Said I can't stop and I won't stop
