

# Start a Riot

## DUCKWRTH & Shaboozey

Bang

(Minimal, minimal, minimal, minimal

Minimal, minimal, minimal, minimal

Minimal, doo-doo-doo)Who in here tryna start a riot?

(Woo, let's start a riot, yeah)

Who in here tryna start a riot?

(Yeah, yeah, yeah, yeah, let's go)

Who in here tryna start it?

Who that flyin' in the air? (Who?)

That ain't no flyin' saucer (Ooh)

I'm shootin' webs like worldwide

Man, headed all the way to Yonkers (That's real)

When I say "Brooklyn, stand up" (Stand up)

You better just fix your posture

And every hero needs his theme song, so

Who in here tryna s-

You ain't got a chance, boy

What you think? (Huh?)

I thrown in everything but the kitchen sink (Yeah)

I try to be friendly in the neighborhood (Okay)

I know all the little grannies wanna sip they tea (Yeah)

And here you come, all bargin' in (Huh?)

All ugly like a brown fur cardigan

We receive the monologue and the arguin'

I'm like

Who in here tryna start a riot?

(Woo, let's start a riot, yeah)

Who in here tryna start a riot?

(Yeah, yeah, yeah, yeah, let's go)

Who in here tryna start it?Let's rock 'n' roll (Rock)

So high up, I can see the flow

Down he go (Down)

It's a plane, it's a UFO

Find the flow (What?)

Let me know

If you bump that action, it don't matter

Just et me know-ow, know

Make way (Make way)

I'm comin' through with my crew to make 'em pay

I don't need no super suit, I'm feelin' brave

Don't be a hero, turn around and walk away (Way, way, way)Who in here tryna start a riot?

(Woo, let's start a riot, yeah)

Who in here tryna start a riot?  
(Yeah, yeah, yeah, yeah, let's go)  
Who in here tryna start it? Start it up, start it right  
Start it up, start it  
Start it (Yeah, yeah, yeah, yeah)  
Who in here tryna start it? Every day is like a sticky situation  
When evil's lookin' for a chance (For a chance, ooh)  
And I know we are the newest generation (Newest, newest)  
We got the power in our hands  
Web-slingin' through the trenches Make way  
I'm comin' through with my crew to make 'em pay  
I don't need no supersuit, I'm feelin' brave  
When I say "Brooklyn, stand up" (Stand up)  
You better just fix your posture  
And every hero needs his theme song, so Who in here tryna start a riot?  
(Woo, let's start a riot, yeah)  
Who in here tryna start a riot?  
(Yeah, yeah, yeah, yeah, let's go)  
Who in here tryna start it? Yeah, yeah, yeah, bang  
(Down he go, down he go, down he g-g-g-g-)  
Who in here tryna start it?  
(Down he go, down he go, let's go, down he go)  
Who in here tryna start it?
