

Mangos

Jasper Sawyer

From the moment that you kissed me
You gave me something that was missing
And I knew that I would always need your touch
The way I look at you is special
Your sweet is on another level
That's why I knew I would always be in love
Look, there's a mango tree
But the fruit ain't half as sweet, no
Like the love you bring
And when we kiss you pour magic on me
Those mangoes, I'll eat
My favorite fruit ain't half as sweet, oh
You can't be beat, oh no
And when we kiss I know, you're sweeter than mangoes
Everyday is even better
You're getting sweeter with the weather
And I hope we make it last a very long time
We should get away this weekend
It's exactly what you needing
That's why we are taking this trip tonight
Look, there's a mango tree
But the fruit ain't half as sweet, no
Like the love you bring
And when we kiss you pour magic on me
Those mangoes, I'll eat
My favorite fruit ain't half as sweet, oh
You can't be beat, oh no
And when we kiss I know, you're sweeter than mangoes
There is a mango tree
Way down in the jungle deep
There is a fruit so sweet
People there climb the mango tree
How is your love so sweet
Even more than the mangoes be
In the Jungle
In the Jungle
In the Jungle
In the Jungle
Look, there's a mango tree
But the fruit ain't half as sweet, no
Like the love you bring
And when we kiss you pour magic on me
Those mangoes, I'll eat
My favorite fruit ain't half as sweet, oh
You can't be beat, oh no
And when we kiss I know, you're sweeter than mangoes
Look, there's a mango tree
But the fruit ain't half as sweet, no
Like the love you bring
And when we kiss you pour magic on me
Those mangoes, I'll eat
My favorite fruit ain't half as sweet, oh
You can't be beat, oh no

And when we kiss I know, you're sweeter than mangoes
