

Mine

Bebe Rexha

Turn a boy into a man in just one night
Now you wanna be my lover
Like you've never seen in color
Yeah, I get off when I see that you're in pain
Want that high top or the mountain
Dipping in the holy fountain You don't want love unless it's mine
Now you want it all the time
Yeah, you want me all out your mind
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind
Now you want it all the time
You don't want love unless it's Look at you, looking up, down on your knees
Treading in the sacred waters
Waiting 'til the high gets stronger
Yeah, yeah
I'll keep you begging, begging, ooh
I'm your fetish, ooh
Come and get it, ooh
You don't want love unless it's mine
Now you want it all the time
Yeah, you want me all on your mind You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind
Now you want it all the time
You don't want love unless it's mine I'll keep you begging, begging, ooh
I'm your fetish, ooh
Come and get it, ooh You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind
Now you want it all the time
You don't want love unless it's mine
It don't feel right unless it's mine
24 hours, on your mind

Now you want it all the time
You don't want love unless it's mine
