

# Runaway (Al Storm Remix)

## Groove Coverage

i wanna know  
the structure of your heart  
why did you tear  
my broken soul apart  
is it a dream  
or my reality  
loved and without  
after warranty OoO i want to runaway  
you tell me nothing else but lies  
i'm singin  
OoO i try to runaway  
cause i just want to live my life  
i'm singin  
OoO i want to runaway  
as long you are by my side  
i'm singin  
OoO i try to runaway  
but i can't find a place to hide  
no i am not  
your fucking second choice  
no i am not  
turnin down my voice until you understand  
there's nothing to command  
until you realize  
that we can touch the sky can't you feel  
inside us control  
can't you feel  
there's nothing at all  
OoO i want to runaway  
you tell me nothing else but lies  
i'm singin  
OoO i try to runaway  
cause i just want to live my life  
i'm singin  
OoO i want to runaway  
as long you are by my side  
i'm singin  
OoO i try to runaway  
but i can't find a place to hide
