

# Viral (feat. IamSu)

Eric Bellinger

Shake that ass like you tryna go viral  
Move your body like you tryna go viral  
Wind for me like you tryna go viral  
Viral, viral  
Shake that ass like you tryna go viral  
Twerk somethin' like you tryna go viral  
Bust it open like you tryna go viral  
Viral, viral They watching when she doing it for me, yeah  
(I told you if they wasn't looking I don't want that girl)  
I swear to God I'm proud to say that's me, yeah  
(Niggas out there tryna holla but they all get curved)  
They all get curved  
She got 'em hypnotized by the way she swerve  
Every night she gon' get what she deserves  
Cause she stay on her job so I give her this work  
You know what I'm talking 'bout  
When you taking all them pictures and you're tryna find the one  
Girl, I know that I'm the only nigga you be thinking of  
Everybody see you, but you do it for me  
So you know I don't be tripping, cause that's how it's supposed to be, yeah Shake that ass like  
you tryna go viral  
Move your body like you tryna go viral  
Wind for me like you tryna go viral  
Viral, viral  
Shake that ass like you tryna go viral  
Twerk somethin' like you tryna go viral  
Bust it open like you tryna go viral  
Viral, viral To my ladies in the club with they heels on  
(Toes done and your feet hurt, I'm talking to you)  
Hands up if your weave and your money long  
(If you're independent, then your nigga be dependent on you)  
I ain't judging on you, get your bread mama  
Do whatever you gotta do  
It don't matter what your friends say  
Cause it ain't even Wednesday  
And I'm crushing on you When you taking all them pictures and you're tryna find the one  
Girl, I know that I'm the only nigga you be thinking of  
Everybody see you, but you do it for me  
So you know I don't be tripping, cause that's how it's supposed to be, yeah Shake that ass like  
you tryna go viral  
Move your body like you tryna go viral  
Wind for me like you tryna go viral

Viral, viral  
Shake that ass like you tryna go viral  
Twerk somethin' like you tryna go viral  
Bust it open like you tryna go viral  
Viral, viral Shake it fast back it up on me  
Sweep it low like you clean for me  
Bend it over like you drop something  
Now touch your toes like you're exercising Shake it fast back it up on me  
Sweep it low like you clean for me  
Bend it over like you drop something  
Now touch your toes like you're exercising Shake that ass like you tryna go viral  
Move your body like you tryna go viral  
Wind for me like you tryna go viral  
Viral, viral  
Shake that ass like you tryna go viral  
Twerk somethin' like you tryna go viral  
Bust it open like you tryna go viral  
Viral, viral Keep doing what you're doing, babe  
Only for me, babe  
Go viral for me, babe Shake your body, body  
Move your body, body Shake your body, body  
Move your body, body
