

Christmas Time to Me

Jordin Sparks

I hear the church bells ringing
A children's choir singing
Christmas songs are playing on repeat!
I could go wherever, but if we're not together
It just won't feel like Christmas time to me! I could walk on Broadway
Buy a ticket to a ballet
Seen lighting up the Rockefeller tree, oh, oh!
But every New York minute
Is lost without you, baby
It just won't feel like Christmas time to me, oh yeah!
I could fly to London
And Santa Clause is coming
I wish to see the lights on Oxford Street, oh, oh!
And lose some time to Big Ben
But if your heart's not here then
It just won't feel like Christmas time to me! Been a good girl, yes I spare
Maybe by this time next year
Oh, oh you will be here!
Ta-ta-ta-ta oh yeah! Heveans, love the midnight,
The... and the storm light
And taste the snow fall on the chandeliers
You climb me at the top of
But if I'm there without ya
It just won't feel like Christmas time to me!
I hear the church bells ringing
Children's choir singing
Christmas songs are playing on repeat!
I could go wherever
But if we're not together
It just won't feel like Christmas time to me!
