

Another Christmas Song

Stephen Colbert

Ho! It's another Christmas song
Whoa! Get ready brother for another Christmas song
They play for a month, Ad infinitum
One day it struck me someone must write 'em
So! It's another Christmas song Santa clause singing on naughty snow
Reindeer ringing in the mistletoe
The manger's on fire,
The holly's a-glow
Hear the baby Jesus cryin' ho ho ho Hey! It's another Christmas song
Yay! Another off' returning (often returning)
Royalty earning Christmas song
I've got plenty more so go buy a modem
Log on to iTunes and pay to download 'em
Pay! For another Christmas song
Chestnuts glisten on a silent night
Sleigh-bells kissing by candle light
The tree is frozen, the winter's bright
Who'd have thought the wise men look so white You! Don't you wanna sing along?
Too! My humble you tide
Dreamed up pool side
Christmas song
Make it a part of your holiday cannon
Make it the heart of my retirement plan and
Do! Sing another Christmas song BEAT IT INTO 'EM FELLAS!
WATCH MY FEET FLY! But wait! Who's this? Young ones starving on a dead-end street
Taped up tabloids on their frost-bit feet
Hear what they carol as they huddle for heat
(All children)
Please help the "Colbert Children" eat Whoa! Just another Christmas song
No! This is like no other Christmas-mother-lovin'-song
Public to whom I'm so proud to have pandered
Please save my family and make this a standard
Go! Join the ever-growing throng
Who are singing
And swingin'
While my kids are clinging to the hope
My register's ching-ching chinging from the cash I'm bringing
From another Christmas song
