

King of Silence (Dan the Automator Remix)

Cibo Matto

i can take your pain away
if you tear down your fortress of memory
i can take your pain away
you don't always need to be strong
i can take your pain away
i know we wear different shoes
i can take your pain away
barefoot we will tear the truth you are the king of silence
you don't need one word to talk to me
all i know is we have sympathy
close your eyes and lean your head on me
i can take your pain away
if you find a remedy in me
i can take your pain away
you can take as much as you want from me
i can take your pain away
we have a distance between us
i can take your pain away
every time we can find the clue
