

Fools

Nada Surf

Fools never learn
You play with fire
You're gonna get burned You and I are fools
We play with love
We're gonna get burned Fools that's what we are
Fools we've gone too far I know But then love you come to me
Your eyes are on fire
You're tempting me
Love knows no bounds beggar or king
It'll bring you down Fools find love somehow
Fools we can't stop now I know
But then love this I know fool I may be
But I can't let go
Love this I know fool I may be
But I can't let go
