

My Bae (feat. Jeremih)

Vado

Swing my way

Let me take you somewhere that I'm heading baby you can play
Treat you like my hustler you know I be on that all day
(Uh-huh, I'm on the block servin' yay to make us straight you my) bae
(You my) bae

(You my) bae Ambitious, I am vicious
If you watchin' arms in the party you can't miss us
Watches galore, ladies watch us for sure
Top of the floor, Vodka bottles to pour
'Roc wit your boy, we could sell out the Malibu
Your swag powerful, Chanel flower shoe
God damn who be stylin' you
Like I wish I were you tell 'em to look at our view
I love the floor it's a Harlem thing
If I blow trial they rush the court, no college game
I done dig keys that's not a thing
I run these emcees like Hollis, Queens
With a air thinner you found me
Could tell you don't travel you need a trip out the county
If I'm that nigga then crown me
Denzel would have a problem gettin' women around me

Swing my way

Let me take you somewhere that I'm heading baby you can play
Treat you like my hustler you know I be on that all day
(Uh-huh, I'm on the block servin' yay to make us straight you my) bae
(You my) bae

(You my) bae On the boardwalk I'm feelin' like "Nucky" Thompson especially
There's always a Gyp Rosetti to test me
Lotta women I ran through
If I wanna [?] that's something I make his man do
Boss talk since day one
Used to play the block with the [?]
With Big L, Cam, and Ma\$e hung
Alotta yay [?] was too young hopin' my day come
Now I'm pullin' up with the baddest
So bad that she made the moment a classic
So sad that she killin' 'em in them classics
We call 'em throwaways but baby

Swing my way

Let me take you somewhere that I'm heading baby you can play
Treat you like my hustler you know I be on that all day
(Uh-huh, I'm on the block servin' yay to make us straight you my) bae

(You my) bae
(You my) bae Tuxedos and bow-ties
Black tie affair yeah we so fly
No matter where we go by
What you wondering where we can go buy
You a hustler? Put your hands up
Ladies I'm lovin' ya won't you stand up
We takin' over like and what
This the take over ya man up! Swing my way
Let me take you somewhere that I'm heading baby you can play
Treat you like my hustler you know I be on that all day
(Uh-huh, I'm on the block servin' yay to make us straight you my) bae
(You my) bae
(You my) bae Swing my way
Let me take you somewhere that I'm heading baby you can play
Treat you like my hustler you know I be on that all day
(Uh-huh, I'm on the block servin' yay to make us straight you my) bae
(You my) bae
(You my) bae
