

# Be Easy

## Massari

Be easy hommie let's pop a bottle  
This is for the fellas in the spot that wanna rock with me  
Tonight I wanna find me a model  
We all came here and do what we do I know you ain't tryin to get caught up  
You don't got a problem chillin in the spot with me  
And we just wanna have a good time  
VIP is about to get hotter Leave all them troubles hommie and lets pop the bottle  
Come on now mommi we sippin Dom Perignon  
Know that your feelin it when you jump up and holla  
Shakin' it shakin' it take it high bring it low  
If you wanna love somebody  
You need to get up out your seat  
If you wanna be ma shorty  
Then come and give your love to me  
If you wanna love somebody You need to get up out your seat  
If you wanna be ma shorty  
Then you gotta come and give your love to me  
Be easy hommie lets let the game roll When it comes to singin' ain't nobody that can drop like  
me  
The ladies wanna get with me coz they know  
They aint never seen a player how I move  
And when they get with me they wanna stay close Everything is payed for when you makin'  
dough like me  
Now everybody throw ur hands out  
Shorty be shakin' it like she got some for me.  
Leave all them troubles hommie and lets pop the bottle  
Come on now mommi we sippin Dom Perignon  
Know that your feelin it when you jump up and holla  
Shakin' it shakin' it take it high bring it low  
If you wanna love somebody  
You need to get up out your seat If you wanna be ma shorty  
Then come and give your love to me If you wanna love somebody  
You need to get up out your seat If you wanna be ma shorty  
Then you gotta come and give your love to me  
Lets pop a bottle hommie  
Lets just be easy Ladies know we sippin' Dom Perignon  
Know that you wanna a mommi  
So lets just be easy  
Shakin' in shakin' it take it high bring it low  
(Baby I want you love)  
If you wanna love somebody  
(And I can't get enough) You need to get up out your seat

(It's you I'm thinkin' of)  
If you wanna be my shorty  
(Coz you don' wanna walk)  
The come and give your love to me  
(Common' common')  
(But I want you love)  
If you wanna love somebody  
(And I can't get enough) You need to get up out your seat  
(It's you I'm thinkin' of)  
If you wanna be my shorty  
(Coz you don' wanna walk)  
The come and give your love to me  
(Common' common')  
(But I want you love)  
(Common' common')  
(Baby I want you love)  
(And I can't get enough)  
(It's you I'm thinkin' of)  
(Coz you don' wanna walk)  
(Common' common')
