## Jordin Sparks

No matter what you say about love I keep coming back for more  
Keep my hand in the fire, sooner or later  
I get what I'm asking for  
No matter what you say about life I learn every time I bleed  
The truth is a stranger, soul is in danger  
I gotta let my spirit be free to admit that I'm wrong and then change my mind  
Sorry but I have to move on and leave you behind I can't waste time so give it a moment, I  
realize nothing's broken  
No need to worry about everything I've done  
Live every second like it was my last one  
Don't look back, got a new direction  
I loved you once, needed protection  
You're still a part of everything I do  
You're on my heart just like a tattoo  
Just like a tattoo I'll always have you  
I'll always have you (I'll always have you)  
I sick of playing all of these games  
It's not about taking sides When I looked in the mirror didn't deliver  
It hurt enough to think that I could stop admit that I'm wrong and then change my mind Sorry  
but I've gotta be strong and leave you behind  
I can't waste time so give it a moment  
I realize nothing's broken  
No need to worry about everything I've done  
Live every second like it was my last one  
Don't look back, got a new direction I loved you once, needed protection  
You're still a part of everything I do  
You're on my heart just like a tattoo  
Just like a tattoo  
I'll always have you I'll always have you  
If I live every moment  
Won't change any moment  
Still a part of me in you I will never regret you  
Still the memory of you  
Marks everything I do  
Can't waste time so give it a moment I realize nothing's broken  
No need to worry about everything I've done  
Live every second like it was my last one  
Don't look back, got a new direction I loved you once, needed protection  
You're still a part of everything I do  
You're on my heart just like a tattoo  
Can't waste time so give it a moment  
I realized nothing's broken

No need to worry about everything I've done  
Live every second like it was my last one  
Don't look back, got a new direction  
I loved you once and I needed protection  
You're still a part of everything I do  
You're on my heart just like a tattoo  
Just like a tattoo  
I'll always have you
