

More Than Friends (That's Right)

3LW

That's right
That's right Sometimes I wish we were more than just friends
I know that I'm dreaming 'cause you're crazy about her
Sometimes I wish all the time that you spend with her
Was with me instead, I wish we could be more than friends It's time to let you know just how do
I feel
About that day
(That's right)
You drive me crazy
(That's right)
If she ever let you go, then you know the deal
Boy, you will be mine till the end of time
(It's the same dream)
Over and over
I can see us walking and holding hands
(You and me)
Closer and closer
If everything was different, you'd be my man Sometimes I wish we were more than just friends
I know that I'm dreaming 'cause you're crazy about her
Sometimes I wish all the time that you spend with her
Was with me instead, I wish we could be more than friends Waking up to the morning each day
I think of you and how I wish I were the special girl in her place
(That's right)
Every time you see me with the smile on my face
I just can't help but wish for the day
(It's the same dream)
Over and over
I can see us walking and holding hands
(You and me)
Closer and closer
If everything was different, you'd be my man Sometimes I wish we were more than just friends
(Yes I'm dreaming)
I know that I'm dreaming 'cause you're crazy about her
Sometimes I wish all the time that you spend with her
Was with me instead, I wish we could be more than friends More than friends
(More than friends)
More than friends
(More than friends)
More than friends That's right
That's right Sometimes I wish we were more than just friends
I know that I'm dreaming 'cause you're crazy about her
(Crazy about her)

Sometimes I wish all the time that you spend with her
Was with me instead, I wish we could be more than friends
Sometimes I wish we were more
than just friends
(I wish, I wish)

I know that I'm dreaming 'cause you're crazy about her
Sometimes I wish all the time that you spend with her
Was with me instead, I wish we could be more than friends
Sometimes I wish we were more
than just friends
(Over and over)

I know that I'm dreaming 'cause you're crazy about her
(More than freinds)
Sometimes I wish all the time that you spend with her
(More than freinds)
Was with me instead, I wish we could be more than friends
