

# Heart Beat Here

## Dashboard Confessional

come on home and let yourself heal  
you could sleep for a thousand years  
and i wont let you disappear  
let your heart beat here.  
you've been running far and wide  
doing what you hope is right  
chasing what you feel inside  
well i will take your path as mine i feel it in my ribs  
i feel it in my soul  
the pulse just grows  
so loud and so clear  
let your heart beat here  
let your heart beat here  
winters come to take me away  
i wear my ring to know what's at stake  
and when the days work at their own pace  
you'll remain my time and place i feel it in my ribs  
i feel it in my soul  
the pulse just grows  
so loud and so clear  
let your heart beat here  
let your heart beat here we found our way past our youthful fears  
and fought our way through the pain and tears  
and we drove our stakes in the place most dear  
and let our hearts beat here  
i feel it in my ribs  
i feel it in my soul  
the pulse just grows  
so loud and so so clear  
let your heart beat here  
so loud and so clear  
let your heart beat here  
let your heart beat here  
let your heart beat here
