

Technicolour Beat

Oh Wonder

Lay down you're slow
Come settle down, settle down
Let loose your glow
Come settle down, settle down And I feel life for the very first time
Love in my arms and the sun in my eyes
I feel safe in the 5 am light
You carry my fears as the heavens set fire Jump into the heat
Spinning on our feet
In a technicolour beat
You and me
Caught up in a dream
In a technicolour beat
Beat
Beat
Beat Warm unalone
Come settle down, settle down
Swing me your bones
Come settle down, settle down And I feel life for the very first time
Love in my arms and the sun in my eyes
I feel safe in the 5 am light
You carry my fears as the heavens set fire Jump into the heat
Spinning on our feet
In a technicolour beat
You and me
Caught up in a dream
In a technicolour beat
Beat Give me one drop
I can feel you
Make me lose control
We be walking
On the water
When we're moving on a technicolour beat
Moving on a technicolour beat Jump into the heat
(Falling off the ceiling)
Spinning on our feet
(We're moving)
In a technicolour beat
You and me
(Found another feeling)
Caught up in a dream
In a technicolour beat
Jump into the heat

Spinning on our feet
In a technicolour beat
You and me
Caught up in a dream
In a technicolour beat
Beat
Beat
