

Angel

Leona Lewis

I feel it, you feel it
That this was meant to be
I know it, you know it
That you were made for me
We can't deny this any longer
Day by day it's getting stronger
I want it and you want it
It's what the people wanna see We're like Romeo and Juliet
Families can't divide us
Like the tallest mountain or the widest sea
Nothing's big enough to hide us When we make love its overwhelming
I just touched the heavens
You're an angel
You're an angel
I said
This world, this world
Could leave us any day
But my love for you it will never go away
And I don't wanna go to sleep
Cause you are like a dream
For every night I say a prayer
Well I swear you are the answer
You're an angel
You're an angel
You're an angel So we take it and each moment our love grows
I say it and you say it
What we have is made of gold
We're so filled with meaning
Nothing can make us shallow
So I hold it and you hold it
The promise of tomorrow
So when we make love it's overwhelming
I just touch the heavens
You're an angel
You're an angel
And I said This world, this world
Could leave us any day
But my love for you it will never go away
And I don't wanna go to sleep
Cause you are like a dream
For every night I say a prayer
Well I swear you are the answer

You're an angel
You're an angel
You're an angel I don't need three wishes,
Well I just need one
For us to never be finished,
For us to never be done
When they say it's over,
We'll just say I love you
And when they say it's finished,
We'll just keep on building This world, this world
Could leave us any day
But my love for you it will never go away
And I don't wanna go to sleep
Cause you are like a dream
For every night I say a prayer
Well I swear you are the answer
You're an angel
You're an angel
You're an angel This world, this world
Could leave us any day
But my love for you it will never go away
And I don't wanna go to sleep
Cause you are like a dream
For every night I say a prayer
Well I swear you are the answer
You're an angel
You're an angel
You're an angel You're an angel
You're an angel
You're an angel You're an angel
You're an angel
You're an angel
