

# I Love Me Some Him

Toni Braxton

I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do All those days and lonely nights  
Have all gone away  
I never thought the day would come  
When we'd more than friends  
You made me smile when I was down  
You turn my world around  
The way you give me love feel so right  
You took the ease off my mind  
And put it behind  
You were there for all my needs  
So baby - stay I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do Just like a dream come true  
I wished for you  
I have never been so happy 'bout love so new  
You opened my heart to a brand new start  
My love's there wherever you are  
I won't let no one take you away  
You took the ease off my mind  
And put it behind  
You were there for all my needs - yes I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do 'Cause you came along  
And changed my life  
Told me things would be all right  
And they were thanks to you  
And now I have the strength to carry on  
In my heart you have a home  
And I never want to be alone  
I love me.  
I love me some him

I'll never love this way again  
I love me some you  
Another man will never do  
I love me some him  
I'll never love this way again  
I love me some you  
Another man will never do
