

Don't Go

Matthew Sweet

Don't go, don't let my love drive you away
There is so much I have left to say
Oh don't go, don't bring my darkness to the day
There is so much I have left to say
Oh don't go There is so much I have left to say
Come back, you know I wrote another song
They keep telling me the past is gone
But it looks like my evil deeds are coming 'round
I can't watch them put you in the ground
Oh don't go I can't watch them put you in the ground Don't go, don't make me have to say
goodbye
'Cause I need to look you in the eye
Oh don't go
I still need to look you in the eye I still need to look you in the eye
No don't go
