

# Have You Made Up Your Mind

Paul Weller

The smoke rings running through your hair,  
there's a look in your eyes.  
I see a glimpse of smile on your face,  
But I know that smile ain't mine. Our fool begins (our fool begins) They say everything has a  
place and time  
but this ain't one of those times.  
I feel there's something in the air  
I just don't know why, I don't know why. What a fool I've been  
What a fool I've been Have you made up your mind? (made up your mind)  
Have you made up my mind for me? (made up your mind)  
Have you made up your mind? (made up your mind)  
Have you made up my mind for me?  
So easily.  
There's a love-light breaking through the door,  
where will I be when morning comes?  
I feel it; feel it in my bones,  
just don't know where my feet will go. What a fool I've been  
Oh, what a fool I've been  
Have you made up your mind? (made up your mind)  
Have you made up my mind for me? (made up your mind)  
Have you made up your mind? (made up your mind)  
Have you made up my mind for me? They say there's a time and place for everything  
but this ain't one of those times. What a fool I've been  
Oh, what a fool I've been Have you made up your mind? (made up your mind)  
Have you made up my mind for me? (made up your mind)  
Have you made up your mind? (made up your mind)  
Have you made up my mind for me?  
So easily  
So easily (made up your mind) Have you made up your mind, baby?  
(made up your mind) Have you made up your mind...
