Seeing me gettin' guap right now, seeing me gettin' guap right now
This to all of my hatin' hoes that seeing me gettin' guap right now
Seeing me gettin' guap right now, hell yeah, I won't stop right now
This to all my old hoes that seeing me gettin' guap right now
Seeing me gettin' guap right now, hell yeah, I won't stop right now Seeing me gettin' guap right
now, hell nah, I won't stop right now
Hell nah, I won't stop right now, seeing me gettin' guap right now
Okay, I need 50k large (right now)
My momma needed a new crib (right now)
My daddy need a new car (right now)
So I be goin' so hard (right now)
Detroit is my yard (right now)
I need a 17 car garage (right now)
I need a 17 broad menage (right now)
I need a jail house to free my dogs (right now)
I done paid taxes, paid dues, paid bills my whole life
So I'mma throw money in the air, like I'm tryin' to pay the sky
Told myself man if I can't live like this, I'd rather die
I give it up to God, and he always replies
"Control yo' hoes, you let her talk to you crazy
You got baby mama drama, you ain't even got you no baby!" You fugazi, b-boss up, boss up
with your time dog
You ain't got time for no hoes, I ain't even got time for no time off
I'm on
Okay, this to all of my enemies that seeing me gettin' guap right now
Seeing me gettin' guap right now, seeing me gettin' guap right now
This to all of my hatin' hoes that seeing me gettin' guap right now
Seeing me gettin' guap right now, hell yeah, I won't stop right now This to all my old hoes that
seeing me gettin' guap right now
Seeing me gettin' guap right now, hell yeah, I won't stop right now
Seeing me gettin' guap right now, hell nah, I won't stop right now
Hell nah, I won't stop right now, seeing me gettin' guap right now Okay, I need 50k large (right
now)
My homie just beat the charge (right now)
My brother need a new job (right now)

So I be goin' so hard (right now)
 I need my face on a black card (right now)
 My iPhone need a charge (right now)
 My fish tank need sharks (right now)
 I need a blimp to say the worlds ours (right now)
 So these niggas can know I do what they can't
 I'm stuntin' for all the people who ain't
 You still hatin'? You should be fuckin' ashamed
 Far as I came, guess when you're running the game they want you to sprain
 Yeah, I know, but I don't get my stress on
 Takin' shots, swear is like my stomachs made of Teflon
 They like, "Boy, won't you get your rest on?"
 Bitch, cause I'm up for every hour I was slept on
 And last night I dreamed about two girls, bisexual
 They was tryin' things, trisexual
 Then I woke up in a city where the population match the death toll
 Drew my blueprint, got it illustrated, F.F. affiliated
 Millions chasin' go to sleep wake up continued
 Life of a Don, Sean Don sippin', never had a palm readin'
 Always had my palms itchin' time to get it
 Boy, I was taught to get it till it's gone
 Even when I got it, watch me get it like I don't
 Hol' up, tell me what you see
 Pull up, watch these motherfuckers freak
 Why don't ya say waddup though when you see me in the streets
 G.O.O.D. Music in this bitch now drop that motherfuckin beat
 Okay, this to all of my enemies that seeing me gettin' guap right now
 Seeing me gettin' guap right now, seeing me gettin' guap right now
 This to all of my hatin' hoes that seeing me gettin' guap right now
 Seeing me gettin' guap right now, hell yeah, I won't stop right now
 This to all my old hoes that seeing me gettin' guap right now
 Seeing me gettin' guap right now, hell yeah, I won't stop right now
 Seeing me gettin' guap right now, hell nah, I won't stop right now
 Hell nah, I won't stop right now, seeing me gettin' guap right now
 Right now, whoa
 Right now, whoa
 Right now, whoa
 Right now, whoa
 Right now, whoa
 Right now, whoa
 This to all my enemies that see me gettin' guap right now
 See me gettin' guap right now, hell yeah, won't stop right now
 See me gettin' guap right now, hell nah, won't stop right now
 Hell nah, won't stop right now, see me gettin' guap right now
