

# Act Like You Love Me

Shawn Mendes

So you leave tomorrow  
Just sleep the night  
I promise I will make things right  
I'll make you breakfast the way you like  
Before you leave tomorrow  
Just let me try  
Before you leave tomorrow  
Before you say goodbye  
Before you leave tomorrow  
Before you leave Stay here and lay here right in my arms  
It's only a moment before you're gone  
And I  
Am keeping you warm  
Just act like you love me so I can go on  
And act like you love me so I can go on  
Just one more night  
Lying in bed  
Whether it's wrong or right  
Just gotta make sense of it  
And you'll be gone in the morning  
And you'll be over this  
Just one more night so I can forget Stay here and lay here  
Right in my arms  
It's only a moment before you're gone  
And I am keeping you warm  
Just act like you love me so I can go on When you go  
I can't watch you leave  
Just promise me you'll sneak out when I'm asleep  
And when you go  
and you're miles down the road  
I wake up wishing everything  
Was just a dream  
Just stay here and lay here right in my arms  
It's only a moment before you're gone  
And I am keeping you warm  
Just act like you love me so I can go on Stay here and lay here right in my arms  
It's only a moment before you're gone  
And I  
Am keeping you warm  
Just act like you love me so I can go on  
And act like you love me so I can go on  
Just act like you love me so I can go on
