

My Body (feat. Mia J)

[Benny Benassi](#)

Full speed. Brakes off, turn me
I didn't know that you could
Burn me, tasty, base beat
Just feel it coming over. Oh boy I'm here to stay
Ride on the milky way
I'm leading you astray
Whoa whoa. So where we gonna go
I'm pulling back my bow
I'll hit you in your oh
Whoa whoa whoa whoa.
I feel it when your body Touched my body
Feel when your body
Pull closer to me now. Your body
Touched my body
Feel it everybody
Whoa whoa whoa.
Twisted, Melody, pushing me
I didn't know you could
Flip me, chemistry, break beat
Just feel it rushing over.
