

Your Love

David Guetta & Showtek

Oh I can speak, is that truth
Anyone can see there's a fire in you
Comin' at you hurry
If you wanna be free
Show me your love
Show me your love Oh I can speak, is that truth
Anyone can see there's a fire in you
Comin' at you hurry
If you wanna be free
Show me your love
Show me your love
Show me your love
Show me your love
Show me your love
Show me your love
Show me your love Oh I can speak, is that truth
Anyone can see there's a fire in you
Comin' at you hurry
If you wanna be free
Show me your love
Show me your love
Show me, show me your love
Show me, show me your love
Show me, show me your love
Show me your love Show me your love
Show me your love
Show me your love
Show me your love Oh I can speak, is that truth
Anyone can see there's a fire in you
Comin' at you hurry
If you wanna be free
Show me your love
Show me your love
