

Chose (feat. E-40 & TYS)

Joe Moses

If that's your bitch, not no more
I see that look in her eyes
And by the end of the night(E-40):
If that's your bitch, then why you stalling
Get a grip on your chick partner
Cause she reckless eyeballin
Looking me up and down at the corner of her eye
I'm Hella high right now I'm off this cherry pie
Gotta understand, I'm a cali Guy
Got an oil on my tongue, and I talk sly
If that's your main squeeze I'm a lay off like unemployed
But if she ain't pleased believe me I'm gonna enjoy it
Just mackin' on my, that's what I told the fool
Let a hoe be a hoe man, she's a garden too
Some of these females are sharks they play dirty pool
Out smart marksmen, you know the rules
If that's your bitch, not no more
I see that look in her eyes
And by the end of the night
The bitch then chose, x4(Joe Moses):
Hate cause she chose
But I don't give a fuck about hoes
Nigga I be ballin' she callin you old man
Bitch I got hoes, scum to the brain
Twist real pimpin', them other niggas lame
Pussy just pussy, the pussy is all you
You lay with the pussy I realise I move
Knock a bitch down with a squad we share hoes
We ball and share hoes
Then call like nigga that pussy fire
Then clowns hoe we fuck, you love hoes
You suck, you lick pussy
I nut on pussy you wanna fuck
If that's your bitch, not no more
I see that look in her eyes
And by the end of the night
The bitch then chose, x4(Ty Dolla \$ign):
Dolla, Dolla Sign, Dolla
Take a niggas bitches that's nothing
You can have it back I ain't cuffing
We ain't doing nothing but fucking
I fill her belly up that's stumping
I put the dollar sign and I invest it
She send pictures to my phone like a press kit

All our pushes and we sick with it
I bet you can't do it with a dick in itPussy so wet I'm high don't play with it
Heard she only fucked with niggas that's famous
Dick in the pussy, thumb in the anus
We all share the same bitch(-x2):
If that's your bitch, not no more
I see that look in her eyes
And by the end of the night
The bitch then chose, x4
