

# Alone With You (Maddie's Song)

Ne-Yo

Don't you ever let it cross your mind  
That I wouldn't gladly climb  
Any mountain you could find  
Just to be with you girl And don't you ever let your heart believe  
That I wouldn't happily  
Swim across whatever sea  
Just to be alone with you Just to be alone with you  
Just to be alone with you  
Just to be alone with you Don't you even for a single day  
Think that I would ever play  
With your heart and throw it away  
See I want to be with you  
And if there ever was a single doubt  
Somewhere in your mind about... me  
This should help you figure out  
What I do, to be alone with you Just to be alone with you  
Baby just to be alone with you  
Just to be alone with you  
Baby just to be alone with you  
Just to be alone with you  
Baby just to be alone with you  
Just to be alone with you Ooooo Lalalalalalalalala...  
Lalalalalalalalala...  
Lalalalalalalalala... Said sing it with me now  
Lalalalalalalalala  
Lalalalalalalalala  
Lalalalalalalalalala Just to be alone with you you  
Baby just to be alone with you  
Just to be alone with you you  
Baby just to be alone with you babe  
Just to be alone with you  
Just to be alone with you, you babe  
Just to be alone with you  
Baby just to be alone with you babe  
With you babe  
With you baby Lalalalala  
Lalalala  
Lalalalalala
