

# Run

## Alison Wonderland

Don't take it down  
Don't take it down  
Don't take it down  
Don't take it down I need you another way  
Give me up and that won't break me  
I'll take it on all the way  
It's moving on to move away  
But I need you another way  
Give me up and that won't break me  
I'll take it on all the way  
It's moving on to move away, run Don't take it down  
Don't take it down  
Don't take it down  
Don't take it down  
I need you another way  
Give me up and that won't break me  
I'll take it on all the way  
It's moving on to move away  
But I need you another way  
Give me up and that won't break me  
I'll take it on all the way  
It's moving on to move away, run
