

We Can Make Love

SoMo

I can be tender, I can be rough
I can do anything you care for
Everything above
Baby, let me rock your body, ride your body
Kiss your favorite spot Tie your hands behind your back
Feel my fingertips above your shoulders
You like it when I drive it, yeah, I push the clutch
I just want it all, but no rush So we can make love
Or we can just touch
We can get romantic, dirty dancing
Feel my hands until the sun comes up
We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can just fuck
We can, we can just fuck You love when I'm sleeping
I love when you by
You love it when I cover up your eyes for a minute
But only some nights I love when you ask me
To tickle your back
You love when I reach up underneath
And grab between your thighs like that
Baby, let me rock your body, ride your body
Kiss your favorite spot
You're screaming out my name, you don't have to tell me stop
The way your body is moving like a bubble 'bout to pop
I just want it all so don't stop And we can make love
Or we can just fuck
We can get romantic, dirty dancing
Feel my hands until the sun comes up We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can just touch
We can, we can just fuck
Just ride it out We can make love
We can, we can just fuck

We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can just fuck
We can, we can just fuck And we can make love
Or we can just fuck
We can get romantic, dirty dancing
Feel my hands until the sun comes up Baby, let me rock your body, ride your body
Kiss your favorite spot
Tie your hands behind your back
Feel my fingertips above your shoulders
You like it when I drive it, yeah, I push the clutch
I just want it all, but no rush We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can make love
We can, we can just fuck
We can just fuck
We can, we can just fuck
Just ride it out
Just ride it out
Ride it out, I swear
Take your clothes off and leave them right there
Tell me you love me even if you don't
I wanna make love tonight, I don't care
Just ride it out
Just ride it out
Just ride it out
