

# Invisible

Taylor Swift

She can't see the way your eyes light up when you smile  
She never notice how you stop and stare whenever she walks by  
And you can't see me wanting you the way you want her  
But you are everything to me And I just wanna show you  
She don't even know you  
She's never gonna love you like I want to  
And you just see right through me but if you only knew me  
We could be a beautiful, miracle, unbelievable instead of just invisible  
There's a fire inside of you that can't help but shine through  
She's never gonna see the light no matter what you do  
And all I think about is how to make you think of me  
And everything that we could be And I just wanna show you  
She don't even know you  
She's never gonna love you like I want to  
And you just see right through me but if you only knew me  
We could be a beautiful, miracle, unbelievable instead of just invisible Like shadows in a faded  
light  
Oh, we're invisible  
I just wanna open your eyes & make you realize  
I just wanna show you  
She don't even know you  
Baby, let me love you, let me want you You just see right through me but if you only knew me  
We could be a beautiful, miracle, unbelievable instead of just invisible She can't see the way  
your eyes light up when you smile
