

# Nothin' Like Tomorrow

## Supreme Beings of Leisure

Nothin' like tomorrow Vapor kiss memory of such longing  
Whispered dream gone before the morning Time is such a funny thing  
It pulls you on like silly string  
Oh, the pain and sorrow Never thought the haunting of  
Is such a temporary love  
Could make me beg and borrow Nothin' like tomorrow  
Nothin' like tomorrow, yeah Sugar sweet, I won't forget the dawning  
All alone smiles come through the yawning  
Love is such a funny thing  
It pulls me on like silly string  
Something like a good dream If they find that I am lost  
Point me to the nearest cross  
Naked as a moonbeam Nothin' like tomorrow  
Nothin' like tomorrow  
Nothin' like tomorrow Calling whispers sent to you at the speed of light  
(At the speed of light)  
Calling whispers sent to you at the speed of light  
(At the speed of light)  
Calling whispers sent to you at the speed of light Nothin' like tomorrow  
Nothin' like tomorrow  
Nothin' like tomorrow  
There is nothing like tomorrow  
Love is such a funny thing  
(Nothin' like tomorrow)  
And I'm waiting for tomorrow  
Nothin' like tomorrow  
Nothin' like tomorrow
