

# Panic Room

## Nappy Roots

[Intro: repeat 4X - quietly, then louder]

Everybody to the panic room

C'mon, everybody to the panic room [Chorus: repeat 2X]

{ You may try to stop my song }

{ But my flow is way too strong }

(Crazy!) Everybody to the panic room

(Crazy!) C'mon, everybody to the panic room [Verse 1]

Yo, everybody to the panic room

C'mon, everybody to the panic room

Yeah we got bitches in the panic room

They givin out digits in the panic room

While the deejay playin I'ma get in tune

Turn it up louder and the planet boom

The country boy back and the planet's doomed

The band's in tune, your plan is doomed

The hardhead niggaz'll be dancin soon

All the good liquor that you can consume

The panic room, get'cha seat back right

And your chair tipped up cause we landin soon

[repeat 3X]

One, two, three, four (c'mon) Everybody to the panic room [Chorus] [Verse 2]

Yo! I'm off the chain like Gucci, looka there Mane

Keep it grain with the pure, take a toast of the pain

I'm goin "Crazy" like Cee-Lo Green

Fresh J's, Aviator shades, Gino green glow

Ooh, all across the land we go

In the last several months on the Earth I know

At least a half dozen fools tried to stop my flow

Fuck 'em all, multiply that by fo'

Then add a hundred mo' tryin to watch my dough

Triple that, add 50, now watch me blow

New situation every stop we rock

Some heard it was over and they thought we flopped

Nappy Roots is forever, shit ain't gon' stop

There won't be another year that we ain't gon drop (nope)

Holla at'cha boy, but it ain't no talk

Tryin to halt what I'm doin, watch the Glock go. {BLAM}

[Chorus] [repeat 8X]

One, two, three, four

[after 3rd and 7th:] Everybody to the panic room

[after 3rd and 7th:] C'mon, everybody to the panic room [Chorus] [Outro]

{ You may try to stop my song }

{But my flow is way too strong}  
(Crazy!) {The beat goes on}  
(Crazy!) {The beat goes on}  
Everybody to the panic room  
C'mon, everybody to the panic room  
Everybody to the panic room  
C'mon, everybody to the panic room  
{You may try to stop my song}  
{But my flow is way too strong}  
(Crazy!) {The beat goes on}  
(Crazy!) {The beat goes...}
