

# Perfect Words

## Outasight

Oh ohh, oh ohh, oh ohh, oh ohh  
Oh ohh, oh ohhhh.Ah, she takes a love kid... recognize who's staring back (back)  
Couple of years bad love with more down and ups like the glass that crack,  
Bright lights in the city what a pity that I don't recall your name  
In every single town, we think you overcame,  
The clouds come around and it fall some rain.I mumble out the words, jungle inside my head  
It's time to make things better would take it worse instead  
When you let to fight some things that never end,  
Would do this again?  
You say what I am (I am), I say what I'm not (I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.  
Oh ohh, oh ohh, oh ohh, oh ohh.  
You say what I am (I am), I say what I'm not (I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.Job, take no look in the review, I can't  
recognize what's staring back,  
If the past is the past, I can't hang from now so cuff me some slap  
And it's easy to chop and get what and walk so we seat around the weight  
For the worse to come up that my inspire of us,  
So stop fucking up and change our fateI mumble out the words, jungle inside my head  
You're looking for answers, I'm looking for a air  
I'm gonna sleep this one away and come back in the end  
will do this again?  
You say what I am (I am), I say what I'm not (I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.  
Oh ohh, oh ohh, oh ohh, oh ohh.  
You say what I am (I am), I say what I'm not (I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.Out the corner stone, the licker stone or  
around the block  
Go the wind down town and I'd ret them all at the check down town  
I search... and try to find the little things  
That I can say back to you to make everyone... You say what I am (I am), I say what I'm not  
(I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.  
Oh ohh, oh ohh, oh ohh, oh ohh.  
You say what I am (I am), I say what I'm not (I'm not)  
You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.You say what I am (I am), I say what I'm not

(I'm not)

You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.

Oh ohh, oh ohh, oh ohh, oh ohh.

You say what I am (I am), I say what I'm not (I'm not)

You know I'm no good when it's on the spot,  
I've looked everywhere to find... the perfect words.
