

# Dogs Were Barking

## Gogol Bordello

Dogs were barking, guests were parking  
and my wedding was about to start  
Dogs were barking, monkeys clapping  
Then I got up on table and I said:  
I'll meet you 10: 45 on the Broadway Canal  
in a disco-radical-transglobal...comanja cooking up the original mixtura  
s ulitzy do ulitzy the brilliant bassuraMama---Diaspora!  
Papa v Gogol Bordello!  
Energija probuzdenija i ja!  
Dogs were barking, monkeys clapping  
bears were dancing and girls were cutting loose  
Cops were lurking, kids were snarkling  
then her father came up to me and said:  
Vi bivali kogda nibud na vistavke sobak?  
She was a 5-45, nashe delo tabak...  
Da ja zge starij dobrij Opta-Hotza-Htzulo-Dzigit!  
govorjat prosto bolnoi, ta nichego zhe ne bolit!  
Nasha mama---Diaspora!  
Papa v Gogol Bordello!  
Energija probuzhdenija i ja!  
Remember things, things that are eternal...  
remember things... you forgot those things  
Nelzja ponjat, nelzja izmerit,  
tolko brasat', i tolko vvis!...  
To make it all even more crooked  
is impossibility of suicide  
You pull the trigger, yet you are still standing...  
just somewhere else, but with same dick in your hand.And the dogs were barking, and the  
guests were parking  
and the monkeys clapping and girls were cutting loose  
thinking bout things, things that are eternal,  
when her mother came up to me and said.  
Dogs were barking, cops were lurking  
and my dancing was about to start!  
Monkeys clapping...  
...Party!...davaj tovarisch, like tovarisch would...  
I met a crazy dancer,  
a party tabashi  
She held me by the hair I held her by the aaass  
...nananana...  
She was a crazy dancer...  
...nananana...

She was a crazy dancerBaja kuka napade original mixtura  
z ulice do ulice to brilia bazhura  
beat fun cool feel extoura  
vyderzhit li vyderzhit aparatura!  
...nananana...And the dogs were barking, and the guests were parking  
and the monkeys clapping and girls were cutting loose  
thinking bout things, things that are eternal,  
when her mother came up to me and said.  
Dogs were barking.
