

# Don't Touch [The Zoom Song]

[Ashley Tisdale](#)

Zoom zoom zoom zoom zoom Zoom zoom in, under my skin  
Gotta slow down now to begin  
Baby don't rush  
You can look but don't touch You think you know  
When you see me in my videos  
How the story goes  
But that's just the side that I expose  
Look through the lens  
You see my body, not who I am  
So don't pretend  
And try to act like you're my boyfriend You wanna get somewhere  
Then boy, don't touch me there  
Just get up close and personal, personal  
Zoom zoom in, under my skin  
Gotta slow down now to begin  
Baby don't rush  
You can look but don't touch  
Zoom zoom in, to my head  
Gotta know me to be my man  
Boy prove you're in love  
You can look but don't touch Zoom zoom zoom You won't behave  
You're gettin' all up in my space  
Better know your name  
You're tryin' to score but it's not a game  
Boy, get a clue  
Yeah you gotta spend the time, pay your dues  
Followin' the rules  
If you want me to want to be with you  
You wanna get somewhere  
Then boy, don't touch me there  
Just get up close and personal, personal Zoom zoom in, under my skin  
Gotta slow down now to begin  
Baby don't rush  
You can look but don't touch  
Zoom zoom in, to my head  
Gotta know me to be my man  
Boy prove you're in love  
You can look but don't touch  
Don't touch Zoom zoom in, under my skin  
Gotta slow down now to begin  
Baby don't rush  
You can look but don't touch (touch)

Zoom zoom in, to my head  
Gotta know me to be my man  
Boy prove you're in love  
You can look but don't touch  
Don't touchDon't you dare touch me there  
If you want to get somewhereZoom in, get to know me  
Boy don't rush  
Baby don't rush
