

Chalice (feat. Belly)

Donae'o

Mans are smoking out of me in the morning, morning
Mans are smoking out of me in the morning
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
A boujee brudda with my pants low
I might take your girl so let ya gyal know
Rudeboy with the stuff that's why me stand so
Kill her with the what, that's why she's stand so
Certain gyal dem not ready for the what?
Certain gyal dem not ready for the angle
She make me rise through the ashes like a Phoenix
When we dance real close, hope she feel it
Show me love is the longest with the feeling
Mi neva wanna show my girl my weakness
I can see her watching, man a pree it
Vibes are wavy, make her seasick
Bangers on bangers, bangers on bangers
Bangers on bangers, bangers on bangers
Galley and we ain't carrying hangers
Man are just hanging in a cabana
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
It's time to get a flat ass fatter too
Wake up every afternoon with a attitude
Look, I can change your addy and your status too
I don't want the bitch if everybody had her too
Woah woah, damn you cold babe
Got a grown man thinking 'bout the old days
Remy by the whole case, no chase
Up for days baby, I can't feel my whole face

XO multiply, we don't divide
Growing jet, getting high on my own supply
You don't want smoke with the team
Blow chemo, emphysema in the Beem
I told her just breathe
Got a hundred bands sitting on my left sleeve
Big talk don't impress me
'Cause they just fans like Di Nero
Wesley
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
Mi casa su casa how me go so
Mi casa su casa how me go so
So when we in me casa galley, we can fuck her
So when we in me casa galley, we can fuck her
I don't mean to be rude, I mean to be silly
That's why when I'm walking around this room I swing my
I wanna see you smile, I wanna want you giddy
I want you to be the happiest when you with me
Show me love is the longest with the feeling
Mi neva wanna show my girl my weakness
I can see her watching, man a pree it
Vibes are wavy, make her seasick
Bangers on bangers, bangers on bangers
Bangers on bangers, bangers on bangers
Galley and we ain't carrying hangers
Man are just hanging in a cabana
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
Smoking on the weed I got a chalice
Bangers in the building and they banging
Calm down bruh don't panic
Hey hey hey, he he he
