## Kelela

Look, I'll give up right away  
And you'll never figure out  
What you said, but it's cool, baby  
I'ma get me another round  
Saw your face in my lane  
Fall in love everyday  
You can chase it for the night  
There's a place for you and I  
Let me know  
It ain't that deep by the way  
Let me know  
Said I gotta go, don't wanna hear me say  
Let me know  
It ain't that deep by the way  
No one's tryna settle down  
All you gotta do is let me know  
All you gotta do is let me know  
Let me know  
All you gotta do is let me know  
Let me know  
All you gotta do is let me know  
No one's tryna settle down  
All you gotta do is let me know  
You don't read between the lines  
'Bout to leak, and you read my mind  
Did you think you're my ride home, baby?  
'Cause my girls are parked behind  
Saw your face in my lane  
Fall in love everyday  
You can chase it for the night  
There's a place for you and I  
Let me know  
It ain't that deep by the way  
Let me know  
Said I gotta go, don't wanna hear me say  
Let me know  
It ain't that deep by the way  
No one's tryna settle down  
All you gotta do is let me know  
All you gotta do is let me know  
Just let me know  
All you gotta do is let me know  
Just let me know  
All you gotta do is let me know  
No one's tryna settle down  
All you gotta do is let me know  
I saw your eyes fall right past my waist, so let me know  
I ain't gonna wait if you hesitate, so let me know

I don't wait for nothin', [?]  
I [?], so let me know  
I don't wait for nothin', [?]  
All you gotta do is let me know  
Let me know, just let me know All you gotta do is let me know  
Just let me know  
All you gotta do is let me know  
No one's tryna settle down  
All you gotta do is let me know  
Just let me know  
All you gotta do is let me know  
It ain't that deep, baby  
All you gotta do is let me know  
All you gotta do is let me know  
Let me know
