

# All Mixed Up

311

You've got to trust your instinct  
And let go of regret  
You've got to bet on yourself now star  
'Cause that's your best bet Watch me now with a wicked and wild and I said  
We come with the funky style that gets us known for the show  
And we'll mix the hip-hop reggae if we say it is so  
And fuck the naysayers cause they don't mean a thing  
'Cause this is what style we bring Now it's morning but last night's on my mind  
There's something I need to get off my chest  
And no matter what may come to shine  
The dream will always be mine  
All mixed up, you don't know what to do  
Next thing you turn around and find the person is you  
Thought a freak might be the thing  
But the first could be the last, so just get off of your ass  
All mixed up, you don't know what to do Next thing you turn around and find the person is you  
Thought a freak might be the thing  
But you know this will pass, so just get off of your ass  
You've got to trust your instinct  
And let go of regret You've got to bet on yourself now star  
'Cause that's your best bet  
Watch me now with a wicked and wild and I said  
Sick sick bit got to have it  
Like bustin' in on a session but you got to call it quits  
Sick sick bit just can't quit  
Fact that you don't even know makes it fully legit  
Now it's morning but last night's on my mind  
There's something I need to get off my chest And no matter may come to shine  
The dream will always be mine  
You keep me coming,  
That is a gal that'll kill dem stunning You keep me coming,  
That is a gal that'll kill dem stunning  
You keep me coming,  
That is a gal that'll kill dem stunning  
You keep me coming,  
That is a gal that'll kill dem stunning  
You make me nervous, throat dry  
My brain is empty, don't know why But I saw you doing something  
Which is really truly nothing  
But you could bust me out all day  
Many moons since first I saw you  
Many moons since first we did the do

Many moonssince first I saw you  
Many moons since first we did the do  
And why did I try when I knew it was no and  
Why did I try when I say it was so  
But save it forlate we should just let it skate  
'Cause the waiting feel is fine
