

# Get Me Gone

## Fort Minor

The dude, he said that, like, when we were making the first Linkin Park record  
He was like,  
"Yeah you know, I don't know about the rapping like, I don't know... maybe you should just be  
a rock band."  
You know what I mean, like, trying to change us  
like they signed us as an act like what we sound like and then he's like  
"Oh I don't know maybe you should just play keyboard" Before the first song that you heard me  
on  
There were people already tryin' to get me gone  
Tellin' me to quit rapping  
"Just play the keys"  
That my band had a singer  
They didn't need me  
But my band had my back  
So we did the tracks  
Put out the album and the talk went flat  
It was funny at first but then the humor faded  
When some magazines printed that our label made us  
We were to be good to be true  
Some were saying ghost writers were writin' all that we do  
So we had to disprove it  
We spelled it out to the detail how we do it when we're making this music  
After that I made it a rule  
I only do e-mail responses to print interviews  
Because these people love to put a twist to your words  
To infer that you said something fuckin' absurd  
Oh, did I lose you at infer?  
Not used to hearing a verse that uses over first grade vocabulary words?  
People used to infer that we were manufactured  
Now I've got the interviews on file  
Which people said what  
Which number to dial  
So now every enemy screaming insanity  
All they're ever gonna be's another big fan of me  
Bitch(laughter)  
Do you believe that? That was crazy  
That was crazy. Right?  
They were like this  
They just played the video and you could hear that.  
That guy, was out of his mind. Right.?  
But honestly that was it, besides the fact that he wanted me to just, play keyboard and  
whatever, he didn't want me to rap

He was like Maybe Joe Hahn should... um... wear a lab coat and a cowboy hat on stage, like  
when we play  
I swear to god he was crazy  
It was crazy  
Joe hahn wear a cowboy hat?  
Yeah  
But later he claimed that we were awesome  
But that was... that was-
