

Harem

Sarah Brightman

Burning sands
Winds of desire
Mirrored oasis
Reflect a burning fire Within in my heart unwatered
Feeding the flame
Welcoming you to my harem Sing for me
A song of life's visage
Sing for me
A tune of love's mirage
Deep desires
Sleep untold
Whispers that echo
The desert of my soul hold your Eastern promise
Close to my heart
Welcoming you to my harem Sing for me
A song of life's visage
Sing for me
A tune of love's mirage
Time is change
Time's fool is man
Time will escape
The passing sands of time I hold your Eastern promise
Close to my heart
Welcoming you to my harem.
