

The Other Side

Ruelle

I don't want to know who we are without each other
It's just too hard
I don't want to leave here without you
I don't want to lose part of me
Will I recover?
That broken piece, let it go and unleash all the feelings
Did we ever see it coming?
Will we ever let it go?
We are buried in broken dreams
We are knee-deep without a plea
I don't want to know what it's like to live without you
Don't want to know the other side of a world without you
Is it fair, or is it fate?
No one knows
The stars choose their lovers, save my soul
It hurts just the same
And I can't tear myself away
Did we ever see it coming?
Will we ever let it go?
We are buried in broken dreams
We are knee-deep without a plea
I don't want to know what it's like to live without you
Don't want to know the other side of a world without you
I don't want to know
I don't want to know
I don't want to know
I don't want to know
I don't want to know
I don't want to know
I don't want to know
We are buried in broken dreams
We are knee-deep without a plea
I don't want to know what it's like to live without you
Don't want to know the other side of a world without you
Can't live without you
