

# If You Want a Bad Boy

Brantley Gilbert

I'm sure you've heard my reputation it's all over this small town  
But there's a little bit of fire under all that smoke  
You know how word gets around  
Back in the day you were a straight A student  
Daddy's little girl, honey what are you doin'  
Talkin' 'bout lettin' your hair down  
We'll take a ride on the wild side of town If you want a bad boy then baby you got it  
Got a bad toy sittin' in the parkin' lot  
Take you to the wrong side of the tracks  
Baby you ain't gonna wanna come back  
'Cause I'm a free bird and damn proud of it  
You're a sweet girl, are you sure you wanna ride with me?  
Gonna raise some hell, gonna make some noise  
If you want a bad boy  
Want a bad boy  
Well I'll be out by your driveway when your mom and dad lay down  
You can climb on out that window babe  
And we'll get on out of town  
I'll call up all my rowdy friends  
We'll throw down where the dirt road ends  
I'll have you back before the rooster crows  
Girl your mom and daddy ain't gotta know If you want a bad boy then baby you got it  
Got a bad toy sittin' in the parkin' lot  
Take you to the wrong side of the tracks  
Baby you ain't gonna wanna come back  
'Cause I'm a free bird and damn proud of it  
You're a sweet girl, are you sure you wanna ride with me?  
Gonna raise some hell, gonna make some noise  
If you want a bad boy  
Want a bad boy Slide over here  
If you want a bad boy then baby you got it  
Got a bad toy sittin' in the parkin' lot  
Take you to the wrong side of the tracks  
Baby you ain't gonna wanna come back  
'Cause I'm a free bird and damn proud of it  
You're a sweet girl, are you sure you wanna ride with me?  
Gonna raise some hell, gonna make some noise  
If you want a bad boy  
Bad boy Girl you know you want a bad boy
