

On a Come Up (feat. Mr. Criminal)

Mr. Capone-E

HAHAHA, lets ride homes
Another Southside gangster
hit
Hi-Power Entertainment motherfuckers
If you didn't know, it's that motherfuckin Capone
With that E and his homie Criminal from the 2-1-3
So Criminal let 'em know homes
[Criminal]Criminals'
leavin 'em in concussion
Watch out for the nine
I'm bustin
Fuck a discussion, I bust, leavin your blood
rushin
You don't wanna be with me, I guarantee
Pick up the microphone
In a world of my own
Represent to the fullest
Southern Killer Cali I roam
Watch out for the chrome
I'm packin'
When I'm drunk and I'm stoned
Make sure it's fully loaded when
I'm leavin' my home
Never know where I always be trippin'
And never will I get caught
slippin'
I'm sippin' on this bottle
Smashin' on the throttle
When I catch you out of luck
It's like a motherfuckin' lotto
Like Desperado, this latino's got a gang of
stratch
Look at me the wrong way and I'll put you on
your back
On the attack, I don't give a fuck who you are
I always had a hard time pullin' your body off the
dock
From far and near, Criminals' name is all you hear
The young Sureo, spittin' deadly rhymes in your ear
[Chorus: Mr. Capone-E]
We some Hi-Power riders on a mission for a come up
Vatos trippin' and they slippin'
if they wanna play young
Bang-Bang on you hoes, oh no it's Capone
Straight creepin' while your sleepin'
its the Mr. Criminal
Layin' low with except, waitin' for our late night checks
West coast representing
piercing hallows through your chest
Pop-Pop we don't stop till we reach this top
Puttin' it down, open up shop and we never gonna stop leva
[Mr. Capone-E]
Oo wee, it's Capone-E the E
Southside bang, fuck all my enemies
See you can't see me on a puck sucker status
Hi-Power be the lable and we leave to do damage
Hooked up with Criminal now songs plain simple
Sureo love rockin' that little Regal
In a Lincoln Continental
Now were ballin' out of control
Little Simons' up in a Benzo
Smokin' indo
