

# What Keeps You up at Night

Lee Brice

Yeah, it's like a song playing all night long  
Stuck in my head  
Things I should've done  
Things I could've, should've said  
Forgive and forgetting  
Life's too short to let hate hang around Sometimes I wonder, is this the last summer  
I go fishing with my daddy  
In 20 years from now, if I'm still here  
Will my beautiful wife still have me?  
These are the voices, won't leave me alone  
Questions I can't put down  
What keeps you up at night?  
What makes your heartbeat wild?  
What weighs on your mind, leaves you paralyzed?  
What keeps you up at night?  
Alright See I believe in God, with all my heart  
Sometimes I doubt and wonder  
And I know that'd break my mamma's heart  
And that weighs on me like thunder  
Are these the best days of my life?  
And when tomorrow comes  
Will the skies open up, and blow my mind? What keeps you up at night?  
What makes your heartbeat wild?  
What weighs on your mind, leaves you paralyzed?  
What keeps you up at night?  
What makes you take a stand?  
Want to get up and dance?  
What makes you laugh, you cry?  
Raise your hands to the sky?  
What keeps you up at night? For all the times I've run, the things I've done  
If I've really been forgiven  
Do I really know the real meaning  
Of this beautiful life I'm living?  
Well hell yeah I do, it's my kids  
And what they learn from me  
Will they take the good, or take the bad? What keeps you up at night?  
What makes your heartbeat wild?  
What weighs on your mind, leaves you paralyzed?  
What keeps you up at night? What makes you take a stand?  
Want to get up and dance?  
What makes you laugh, you cry?  
Raise your hands to the sky?

What keeps you up?  
What keeps you up?  
What keeps you up at night? Hold to Jesus, I surrender  
Hold to him, I free be here
