

# Yellow Eyes

Rayland Baxter

There's a paperclip resting on my countertop  
Sunday morning I forgot  
What it's like to lose a friend Yesterday  
How it seems so far away  
And I've said all I can say Now it's time I get to goin'  
Now it's time I get to find my own way  
And I'll leave you lonely  
I'll leave you lonely Now I'm on the road  
Knowing not which way to go  
Is it yes or is it no?  
I don't really care  
For the golden sun  
Has washed me away and I've become  
Just another vagabond holding my head Now it's time I get to goin'  
Now it's time I get to find my own way  
And I'll leave you lonely  
I'll leave you lonely All in all it's a beautiful day  
And I wake up all alone  
I cannot help but run away  
Now I'm afraid  
That it's all in my head  
Don't you know  
That it's all in your head?  
So you roll the dice  
Built a fire  
Burn the ice  
Find the girl with yellow eyes  
And go and break her heart See that nothing changes  
And I know not what I've become  
A prisoner to everyone I've loved from the start Now it's time I get to goin'  
Now it's time I get to find my own way  
And I'll leave you lonely  
I'll leave you lonely  
I'll leave you lonely  
I'll leave you lonely  
I'll leave you lonely
